

SUPREME COURT OF YUKON

PRACTICE DIRECTION
GENERAL-1

Revised Practice Directions

All previous practice directions are repealed.

These practice directions are grouped into five areas of law: CIVIL, CRIMINAL, FAMILY, and GENERAL. Each practice direction will be assigned a sequential number within the group for one or more areas of law. Practice directions in the GENERAL category are broadly applicable to all matters.

New practice directions will receive the next sequential number available within the relevant group(s). Practice directions may be updated and replaced, but the number assigned to a practice direction that is repealed will not be re-assigned.
