

SUPREME COURT OF YUKON

PRACTICE DIRECTION
GENERAL-34

Address for Delivery

This practice direction modifies Rule 4(11), which requires that an address for delivery be a place located in the Yukon unless otherwise ordered by the Court.

As of the date of this practice direction, an address for delivery may be located outside of the Yukon, as long as the person providing an address outside the Yukon agrees to accept electronic delivery of documents and provides an email address to which documents can be delivered.
